You may apply to as many Ontario universities/programs as you wish; however, you are limited to a maximum of three program choices at any university (including affiliates). Some universities may further limit the number of programs to which candidates may apply. Applicants should consult the university information sections. Your first three university program choices are covered by the CAN$155 base application fee (CAN$165 if your mailing address is outside of Canada). Any additional university/program choices beyond those three are CAN$50 per choice plus any applicable supplemental/document evaluation fee.

Program Code	The two- or three-character alphabetic code designating the university/program in which an applicant wishes to enrol. Applicants should refer to the list of university programs and codes.
Program Title	The program/faculty title that corresponds to the university program code an applicant has selected.
Co-op	Cooperative Education Program - A work/study arrangement in which a student may earn credit and also gain practical work experience. If co-op is not displayed beside a program in the university's list of programs, it means that co-op is not available with that particular program.
Year Level	"First Year" - Applicants who wish to begin their studies in year level one for the selected university program.
	"Upper Year" - Applicants who wish to be granted advanced standing (into upper year) for the selected university program.
Subject of Major Interest	The area of specialization/concentration for the program an applicant wishes to study. Not all programs display a list of subjects of major interest.
Expected Date of Enrolment	Fall (September), Winter (January/February), Spring (April/May), Summer (July). Not all entry dates are offered at all universities. Applicants are advised to refer to the appropriate university admission requirements sections to determine which entry dates are available for selected program(s).
Full-time or Part-time	Refers to the number of courses/credits for which an applicant wishes to register; the description of a full or part-time course load varies by university. Check availability for the university and program desired.
If you applied before, enter year	The year in which an applicant previously applied to the university in question. Applicants who have never applied to the university should leave this field blank.
If you registered before, enter year	The year in which an applicant was previously registered at the university in question. Applicants who have never been registered at the university should leave this field blank.
Residence Information Required	Applicants should choose "Yes" or "No" as appropriate. Some universities use this information to determine whether to send an application for residence accommodation with the offer of admission and others may require a "Yes" in order to assess an applicant's eligibility for residence.

Explanation of Choice Order

It does not matter how an applicant numbers their choices of universities or programs on the application. For the most part, whether they list a university or a specific program as first, second, third or higher, is not normally a factor in the universities' admissions decision. Where there are exceptions to the policy of not using the choice numbering, the university is to make its policy clear in its own information literature.

Choice numbering does provide valuable information to the university admission offices. This is particularly true for limited-enrolment programs. Admission officials use this data to project the number of applicants who are likely to accept offers of admission in order that proper resource planning can be done by the university.

Universities will notify applicants submitting international academic transcripts regarding specific submission requirements.

TRANSCRIPT REQUESTED FROM ONTARIO POSTSECONDARY INSTITUTIONS
Indicate the name of the postsecondary institution you have previously attended, or are currently attending. Make sure you enter your student identification number for this institution in the box provided. If you do not know this number, please contact the institution you attended to obtain this information - you will not be able to submit your application without it.

Requests for transcripts from either Continuing Studies or Continuing Education must be made to the Division of Continuing Education. Requests for Additional Qualification (AQ) courses taken after 1993 must be made to Research and Field Development, Faculty of Education. If you attend/have attended one of these departments or programs, and require assistance with your online transcript request, please contact us at 519-823-1063.

- All secondary school transcripts and all postsecondary transcripts from outside of Ontario must be requested directly from the institution and be sent directly to the universities to which you are applying. Contact the universities for further information.

WHEN YOU WISH THE TRANSCRIPT SENT - You must indicate one of the options available (contact the universities to which you have applied if you are unsure which option to choose):

Option 1 - If you are currently enrolled at the institution:

Immediately - The institution will send your transcript immediately upon processing of the request, whether or not final grades are available for your current term.

At the end of the following term - The institution you attend will wait until final grades for the term you indicate are reflected on your transcript before sending it to the universities you have selected. Make sure that you indicate a particular term when selecting this option. Please contact your institution if you are unsure of the name of the term.

After degree conferred - The institution will send your transcript once your degree has been granted.

You are responsible for knowing when grades for current courses and/or degree conferrals will be released by your institution and available on your official transcript.

Please note that transcripts will not be automatically resent once your final grades are available. A new transcript request will be required.

Option 2 - If you are not currently enrolled at the institution:

Ensure that you indicate the last year you were registered. The institution will send your transcript immediately upon processing of the request.

UNIVERSITY TYPE AND LEVEL OF STUDIES - You may select more than one option, if applicable.

- If you have already taken courses at the university to which you are now applying, you do not need to request that transcript. However, if a transcript request is made, it will be processed and the fee will not be refunded.
- Request only one transcript to be sent to each institution to which you are applying. If you have applied to more than one program at any one institution, you will need to send only one transcript to that institution. *Exception: You must order a transcript for each campus/university college at Western University.*

Transcript fees are collected by the OUAC on behalf of the institutions.

Card Verification Digits (CVD)

Most credit cards now include a 3 or 4 digit verification number, which is not part of the regular credit card number. CVD seeks to ensure that the purchaser has the physical card in hand when placing a phone, mail, or Internet order, and to verify that the card account is legitimate. The number is not contained in the magnetic strip information nor does it appear on sales receipt.

For most cards, the CVD number is a three digit number on the back of the card.

American Express cards have a four digit CVD number on the front, above the credit card number.

○ Credit Card (VISA, MasterCard or American Express). Prepaid credit cards and VISA debit cards are not accepted.
Important: Do not click the "Back" button in your browser after you submit your credit card payment.
