105 Declaration

Declaration and Notice of Collection, Use, Disclosure and Treatment of Personal Information Provided as Part of Your University(ies) Undergraduate Program(s) (105) Application

The Ontario Universities' Application Centre (OUAC) was created by the universities of Ontario through the Council of Ontario Universities (COU). The OUAC has been processing applications on behalf of universities in Ontario since 1971. To apply for admission to a university undergraduate program and/or a non-degree-granting program in Ontario, your application must be processed through the OUAC. The OUAC forwards your application information to the university(ies) of your choice. By applying through the OUAC, you agree that the university(ies) of your choice will obtain the personal information you have provided to the OUAC and that the OUAC will collect, use, disclose and otherwise manage your personal information as set out in this Declaration and Notice.

The personal information requested in this application is required by the OUAC and by the university(ies) for the purpose of your application and must be provided together with your application fee. Incomplete applications will not be considered. Universities may require additional personal information from you to complete your application. Universities may use and disclose your personal information for other purposes in accordance with their own admission and personal information policies and practices, including requirements for government enrollment reporting, which you must investigate yourself. For example, some programs at some universities (e.g., Nursing) may require you to provide them with information about whether and to what extent you have a prior criminal record. Universities also disclose personal information to regulatory authorities, law enforcement or other persons, when authorized or required to do so by law.

It is your responsibility to ensure that your application information and all supporting documentation is truthful, complete and correct. The OUAC and the universities reserve the right to verify any information provided as part of this application. If any information in your application is determined to be false or misleading, concealed or withheld, or written by a third party, at the absolute discretion of the OUAC and/or a university, your application may be invalidated. This could result in its immediate rejection or in the revocation of an offer of admission or registration at a university. Any such information may be shared by the OUAC or by universities and colleges with other universities and colleges across Canada.

The OUAC is committed to protecting your privacy in relation to the personal information you provide in support of your application. Transcripts and supplementary material in support of applications submitted to the OUAC are not kept by the OUAC and will not be returned to you or forwarded to third parties prior to being destroyed at the end of each application cycle.

- If you are accepted and then register at an Ontario university, the university will send your registration information and the program for which you are registered to the Ministry of Training, Colleges and Universities (MTCU). The OUAC will collect this information about your registration from the MTCU.

Use of Personal Information:

- The OUAC will compile and process your application and payment.
- The OUAC will use personal information from all undergraduate applications to create aggregate, non-personally identifiable information for use by the public via the OUAC website; Ontario government ministries (MTCU, Ministry of Education); the COU; Ontario universities and colleges; the Ontario College Application Service (OCAS); and academic researchers (at the discretion of the OUAC) for admissions, enrollment and other academic policy development and research purposes.

- If you have ordered electronic transcripts in support of your application, the OUAC may use your personal information to process your transcript request.
- The OUAC and or the university(ies) will use your gender and date of birth for identification and document matching, and for statistical purposes. This information does not form part of the universities' admission decisions.

Disclosure of Personal Information:

- The OUAC will disclose your demographic, academic and university/program choice data to all universities for which you have submitted a 105 application.
- In the event that you have applied to a joint or collaborative university/university or university/college program, the OUAC and/or the universities will disclose your application information to the relevant partner Ontario college(s) or university(ies).
- If a third party who is paying for this application has questions regarding the payment for your application, the OUAC will disclose personal information about you, as necessary and appropriate, to respond to the inquiry.
- Based on the MTCU Act, the OUAC may disclose personal information to the MTCU for policy development and research purposes.
- The OUAC will disclose your personal information, and application and confirmation information to OCAS to research postsecondary trends for applicants who have applied to both Ontario universities and colleges.
- The OUAC and/or the university(ies) may use your personal information to validate or assign an OEN. The OEN Registry is maintained by the Ministry of Education, and is used for tracking and research purposes by the Ministry of Education, the MTCU, and postsecondary institutions, as allowed within the MTCU Act. The OUAC may disclose your OEN to your universities of choice, to maintain this registry.
- If any information connected to your application is determined to be false or misleading, concealed or withheld, contains evidence of academic dishonesty, or inappropriate or unethical conduct, universities and colleges across Canada will be advised, at the absolute discretion of the OUAC and/or a university. Fraudulent use of credit cards or demanding/obtaining unauthorized application fee reimbursement is considered unethical.
- The OUAC will disclose your academic, application, confirmation and registration information in non-identifiable form to the Ontario universities for admissions, enrollment and other academic policy development and research purposes.
- The OUAC will disclose personal information from all university applications in aggregate, non-personally identifiable form to the public via the OUAC website; Ontario government ministries (MTCU, Ministry of Education); the COU; Ontario universities and colleges; OCAS; and academic researchers (at the discretion of the OUAC) for admissions, enrollment and other academic policy development and research purposes.

Thank you for your interest in applying to Ontario university undergraduate programs (105).

Please make sure you have created the correct account.

If you wish to apply to Common Law, you must create an OLSAS account. This account can be obtained at: www.ouac.on.ca/olsas/.

If you wish to apply to the four-semester consecutive Bachelor of Education program, you must create a TEAS account. This account can be obtained at: www.ouac.on.ca/teas/. Please note: For most programs you must have a postsecondary (e.g., university) degree in order to be eligible for the consecutive program. (Some exceptions apply. Please see the TEAS application booklet, available at www.ouac.on.ca/teas/, for further information.)

Your User ID is IT3560380. The first two characters are the uppercase letters I and T, and the remaining characters are numerals. Please ensure that you keep this information in a safe place, as the OUAC is unable to provide lost or misplaced User ID information.

Please ensure that you also keep a record of your PIN/password. If you forget or misplace your password at any time, your only option will be to request a temporary password by clicking the "Request a temporary password" link on the login screen for your application.

Once you submit your application, you will receive a six-digit OUAC Reference Number that should be used in place of your User ID. Any changes to your submitted application can be made online by logging in to your account from our website. You will need your OUAC Reference Number and PIN/password in order to do this.

Please take a few moments to familiarize yourself with the application instructions and be sure to set aside enough time to complete the application.

* **Important Admission Notes for all Applicants**

- Applicants can expect to receive an offer of admission to only one program. When more than one Brock program is indicated on the application, the highest choice listed for Brock will be considered first. If not eligible for the first choice, consideration will be given to subsequent choices in the order of preference that the applicant has indicated. If an applicant applies to only one Brock program and does not qualify, in most cases consideration will be given for an alternate and related program.

Applicants who were previously registered at Brock must contact the Admissions office for the appropriate application form. This includes students who have:

- 1) studied at Brock on a Letter of Permission
- 2) registered in courses previously but dropped them and never actually attended classes
- 3) registered and attended classes (even if part-time or Audit)

Admission Guidelines: Click [here](#) for prerequisite subject requirements and *anticipated* admission averages.

You may apply to as many Ontario universities/programs as you wish; however, you are limited to a maximum of three program choices at any university (including affiliates). Some universities may further limit the number of programs to which candidates may apply. Applicants should consult the university information sections. Your first three university program choices are covered by the CAN\$155 base application fee (CAN\$165 if your mailing address is outside of Canada). Any additional university/program choices beyond those three are CAN\$50 per choice plus any applicable supplemental/document evaluation fee.

Program Code	The two- or three-character alphabetic code designating the university/program in which an applicant wishes to enrol. Applicants should refer to the list of university programs and codes.
Program Title	The program/faculty title that corresponds to the university program code an applicant has selected.
Co-op	Cooperative Education Program - A work/study arrangement in which a student may earn credit and also gain practical work experience. If co-op is not displayed beside a program in the university's list of programs, it means that co-op is not available with that particular program.
Year Level	"First Year" - Applicants who wish to begin their studies in year level one for the selected university program. "Upper Year" - Applicants who wish to be granted advanced standing (into upper year) for the selected university program.
Subject of Major Interest	The area of specialization/concentration for the program an applicant wishes to study. Not all programs display a list of subjects of major interest.
Expected Date of Enrolment	Fall (September), Winter (January/February), Spring (April/May), Summer (July). Not all entry dates are offered at all universities. Applicants are advised to refer to the appropriate university admission requirements sections to determine which entry dates are available for selected program(s).
Full-time or Part-time	Refers to the number of courses/credits for which an applicant wishes to register; the description of a full or part-time course load varies by university. Check availability for the university and program desired.
If you applied before, enter year	The year in which an applicant previously applied to the university in question. Applicants who have never applied to the university should leave this field blank.
If you registered before, enter year	The year in which an applicant was previously registered at the university in question. Applicants who have never been registered at the university should leave this field blank.
Residence Information Required	Applicants should choose "Yes" or "No" as appropriate. Some universities use this information to determine whether to send an application for residence accommodation with the offer of admission and others may require a "Yes" in order to assess an applicant's eligibility for residence.

Explanation of Choice Order

It does not matter how an applicant numbers their choices of universities or programs on the application. For the most part, whether they list a university or a specific program as first, second, third or higher, is not normally a factor in the universities' admissions decision. Where there are exceptions to the policy of not using the choice numbering, the university is to make its policy clear in its own information literature.

Choice numbering does provide valuable information to the university admission offices. This is particularly true for limited-enrolment programs. Admission officials use this data to project the number of applicants who are likely to accept offers of admission in order that proper resource planning can be done by the university.

Domestic Application (105D) 2016

Explanation of Fee Structure

INTERNATIONAL TRANSCRIPTS

Ontario universities may require undergraduate applicants to have official international academic transcripts submitted directly to World Education Services (WES) Canada for verification as part of the admission process. Universities will notify applicants submitting international academic transcripts regarding specific submission requirements.

TRANSCRIPT REQUESTED FROM ONTARIO POSTSECONDARY INSTITUTIONS

Indicate the name of the postsecondary institution you have previously attended, or are currently attending. Make sure you enter your student identification number for this institution in the box provided. If you do not know this number, please contact the institution you attended to obtain this information - you will not be able to submit your application without it.

Exceptions:

- The Royal Military College of Canada is not part of the electronic transcript request system.
- Requests for transcripts from the following divisions or programs at the University of Toronto must be made directly to that division: Additional Qualifications Program (AQ) at OISE; School of Continuing Studies; Toronto School of Theology; and Woodsworth Pre-University Program. If you attend/have attended one of these divisions or programs, and require assistance with your online transcript request, please contact us at 519-823-1063.
- Requests for the following York University transcripts must be made directly to that department: York University English Language Institute (YUELI) and Schulich Executive Education. Requests for transcripts from either Continuing Studies or Continuing Education must be made to the Division of Continuing Education. Requests for Additional Qualification (AQ) courses taken after 1993 must be made to Research and Field Development, Faculty of Education. If you attend/have attended one of these departments or programs, and require assistance with your online transcript request, please contact us at 519-823-1063.
- Requests for transcripts from Durham College's University Preparation/Academic Upgrading program must be made directly to Durham.

Notes:

- Algoma University is a former affiliate campus of Laurentian University. Applicants who are Laurentian - Algoma students or graduates should request transcripts from Laurentian. All students admitted during or after 2009 are Algoma University students.
- All secondary school transcripts and all postsecondary transcripts from outside of Ontario must be requested directly from the institution and be sent directly to the universities to which you are applying. Contact the universities for further information.

WHEN YOU WISH THE TRANSCRIPT SENT - You must indicate one of the options available (contact the universities to which you have applied if you are unsure which option to choose):

Option 1 - If you are currently enrolled at the institution:

Immediately - The institution will send your transcript immediately upon processing of the request, whether or not final grades are available for your current term.

At the end of the following term - The institution you attend will wait until final grades for the term you indicate are reflected on your transcript before sending it to the universities you have selected. Make sure that you indicate a particular term when selecting this option. Please contact your institution if you are unsure of the name of the term.

After degree conferred - The institution will send your transcript once your degree has been granted.

You are responsible for knowing when grades for current courses and/or degree conferrals will be released by your institution and available on your official transcript.

Please note that transcripts will not be automatically resent once your final grades are available. A new transcript request will be required.

Option 2 - If you are not currently enrolled at the institution:

Ensure that you indicate the last year you were registered. The institution will send your transcript immediately upon processing of the request.

UNIVERSITY TYPE AND LEVEL OF STUDIES - You may select more than one option, if applicable.

TRANSCRIPT TO BE SENT TO - You may select any number of universities, as long as they are actual university/program choices on your application.

FEES

- Transcript fees are \$12.00 per transcript requested, except for transcripts requested from the following, which do not charge a fee:

Universities

Carleton, McMaster

Colleges

Algonquin	Loyalist
Collège Boréal	Mohawk
Cambrian	Niagara
Confederation	Sheridan
Fanshawe	St. Clair
Humber	St. Lawrence
La Cité	

For example, if you are sending a transcript from Brock to Waterloo, Guelph and York, the total fee required is 3 x \$12 = \$36.

- If you have already taken courses at the university to which you are now applying, you do not need to request that transcript. However, if a transcript request is made, it will be processed and the fee will not be refunded.
- Request only one transcript to be sent to each institution to which you are applying. If you have applied to more than one program at any one institution, you will need to send only one transcript to that institution. *Exception: You must order a transcript for each campus/university college at Western University.*

Transcript fees are collected by the OUAC on behalf of the institutions.

Undergraduate Application for Canadian Citizens & Residents

Certain secondary schools in Ontario allow you to request your official secondary school transcript electronically (completed courses only) using a service hosted by the Ontario College Application Service (OCAS). If you are interested in using this service, please consider the following:

- You will be re-directed to the OCAS website to complete the transcript request form.
- Some of the personal/contact information you provided on the 105 application will be automatically transferred to the "My Student Record" transcript request form on the OCAS website. You will be unable to change this personal/contact information on the transcript request form. If your personal/contact information is incorrect, you must return to the 105 application to make changes.
- You will require your Secondary School Student Number (SSSN) to complete the transcript request.
- Your most recent secondary school in Ontario should have a complete summary of your secondary school grades. If you need to verify this, contact your secondary school or board office before making a transcript request.
- Only one secondary school transcript is required regardless of the number of university selections on your 105 application. If you add new program choices at a later date, the OUAC will automatically forward your Ontario secondary school transcript to those choices.
- Payment is by credit card only (Visa, MasterCard and American Express) and is required at the time the request is made. Once paid, transcript requests cannot be cancelled. Fees are non-refundable.

Card Verification Digits (CVD)

Most credit cards now include a 3 or 4 digit verification number, which is not part of the regular credit card number. CVD seeks to ensure that the purchaser has the physical card in hand when placing a phone, mail, or Internet order, and to verify that the card account is legitimate. The number is not contained in the magnetic strip information nor does it appear on sales receipt.

For most cards, the CVD number is a three digit number on the back of the card.

American Express cards have a four digit CVD number on the front, above the credit card number.

Payment Options

- Credit Card (VISA, MasterCard or American Express). Prepaid credit cards and VISA debit cards are not accepted.

Important: Do not click the "Back" button in your browser after you submit your credit card payment.

 [More credit card info](#)

- **Note:** CVD is required 
- The OUAC cannot process credit card payments over the telephone.
- If your credit card is declined or invalid, the application will not be processed.

- **Mac users:** Ensure that pop-ups are enabled on your computer or the transaction will time out and you will not be able to pay.
